MB QUART® AUDIO PACKAGE*

BEST IN-CAB AUDIO SYSTEM FOR UPGRADING RIDE COMMAND®.

Available on

PREMIUM MODELS

- **300W OVERHEAD AUDIO VISOR SPEAKERS BY MB QUART:**

A visor audio system that delivers music with a 300 watt built-in 4 channel amplifier powering four 6.5 inch 2 way speakers.

- **REAR OVERHEAD SPEAKERS BY MB QUART:**

Enhances the audio in your cab with a pair of 6.5 inch speakers that mount into a headliner accessory.

- **MAX BOOST 10" 250W SUBWOOFER BY MB QUART:**

This 250 watt 10 inch subwoofer tucks away under the flip-up seat and delivers deep bass power you can feel enhancing your audio experience.

- **LIGHTING ACCESSORY WIRING HARNESS:**

Pre-wired and installed at the factory to support heavy electrical accessory needs.

- **900W CHARGING SYSTEM:**

Turns horsepower into electrical power to support demanding applications and weather conditions without the fear of draining the battery. This high capacity charging system includes a 900W stator, flywheel and two regulators to product 34% more power than the standard XP 1000.

- **PREMIUM ROOF LINER:**

Adding premium comfort and quieter cab ride to easily hold a conversation with your passengers.

- **POLARIS PULSE™ ROOF 6 BUSBAR:**

A convenient, single power source to plug and play your lights, speakers and other electrical accessories.

- **DOME LIGHT:**

Illuminate the interior of your RANGER with the push of a button.
